Created from the old Asheville Mica Company building on the Swannanoa River, Mica Village consists of 10 loft apartments constructed in the spirit of New Urbanism. This bright, corner unit in Mica Village Lofts features a unique, modern, industrial design combining exposed brick, glass infused countertops, reclaimed hemlock beams, 15 foot ceilings and a wide stairwell entry sleeping loft. Enjoy the camaraderie of neighbors in "The Boiler House Kitchen" party room or quietly enter past the private courtyard koi pond. The unit includes one covered parking space in the garage and overlooks the large yard to the Swannanoa River. 3 minute walk to Biltmore Village and a block from the dog park.
